PC Dome

About The Product.

A PC dome is a high-performance, transparent structure designed for strength, durability, and aesthetic appeal. Made from impact-resistant polycarbonate material.

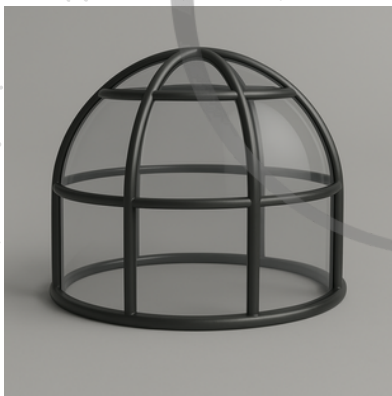

Model	I1	I2	I3
Diameter	3.5 m	4 m	4.5 m
Area	9.6 sqm	12.5 sqm	15.9 sqm
Roof Height	2.7m	2.8 m	2.9 m

Inclusions :

Structure – High strength industrial aluminium alloy profiles. + alloy base .

Frame's Colour – Standard frame coated as per customised requirements.

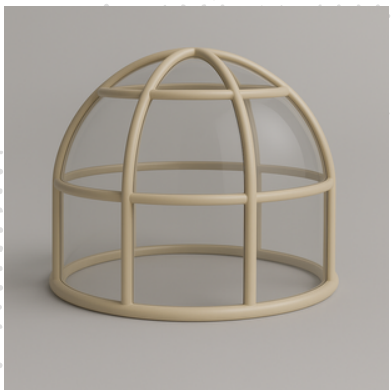

Black

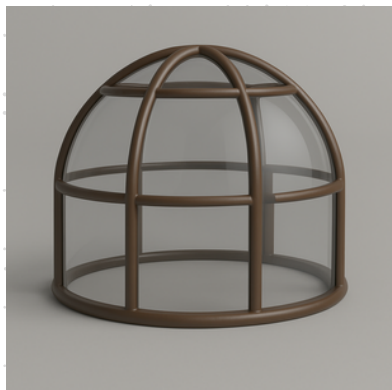

White

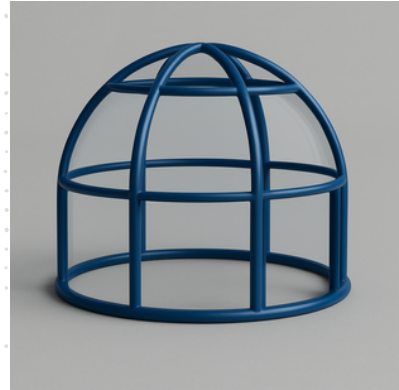

Grey

Beige

Brown

Others

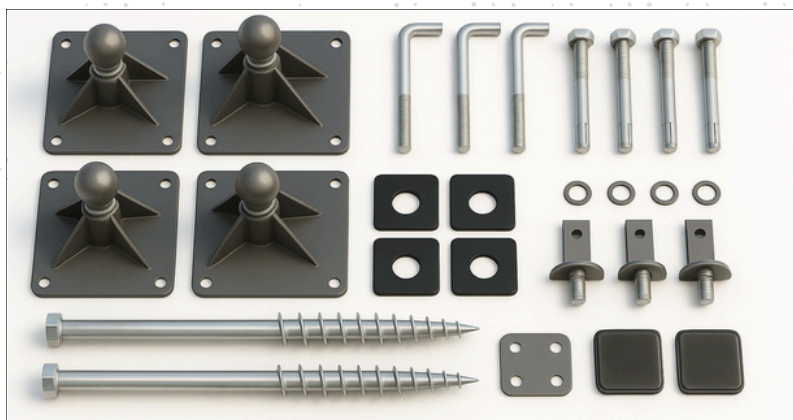

Roof Cover : Transparent German Bayer PC board
+ PC Skylight

Rotary Sliding Door

Anchorage Kit:

Upgrades :

Customisable Interiors :

- Bedroom Module

- Furniture Module

360° Curtain Set :

Curtain's Material :

- Polyester
- Linen
- Others

Curtain's Colour –
Customised

Skylight Curtains

Manual | Electric

Curtain Shape

Round Shaped

Rectangular Shaped

Curtain's Colour

Customised

Ceiling Electric Lifting Skylight

Skylight Type:
Electric Lifting | Manual
Override

Operation Mechanism:
Motor-Driven | Remote-
Controlled

Skylight Shape:
Circular | Rectangular

Exterior Dynamic LED Lighting

Lighting Type

Color-Changing | Static
Warm/Cool

Control Mechanism

App-Based
Remote-Controlled
Motion-Sensor Enabled

Power Source

Solar-Powered | Wired Electric

Indoor LED Lighting System

Lighting Type:
Ambient LED | Strip Lighting

Lighting Modes:
RGB Mood Lighting

Indoor Aluminium Profile

Material:

High-strength anodized aluminium alloy

Finish Options:

Matte Black | Satin Silver | Champagne Gold

Durability:

Corrosion-resistant, fire-retardant, weatherproof

Sustainability:

Fully recyclable, eco-conscious build

Maintenance:

Low-maintenance, smudge & scratch resistant

Aluminium Window Frame

Material

Aerospace-grade anodized aluminium

Finish Options

Matte Black | Natural Silver | Champagne Bronze

Design

Ultra-slim profile with high-load bearing capacity

Anti-Mosquito Window Mesh

Breathe freely, stay protected

- Ultra-Fine Mesh
- High Visibility
- Rust-Proof & UV-Resistant

Indoor Wooden Floor System

Outdoor Wooden Platform

Electric Intelligent Moving Door

Operation Type

Automatic Sliding
Sensor-Activated
Remote Controlled

Safety Integration

Anti-collision Sensors
Emergency Manual
Override

Applications :

Dessert
Landscape

Scenic
Tourism

Events

Outdoor
Campsites

Personal
Use

Properties :

Wind Load

Snow Load

Impact Resistant

Water Proof

Proper
Ventilation

Blizzard
Resistant

Easy
Cleaning

Thermal
Insulation

Rust Proof
