

Pods

About The Product.

A Pod is a ready-to-use, portable room made from strong, lightweight panels—fully finished with walls, flooring, insulation, windows, doors, and power outlets—so you can place it anywhere and plug it in immediately, making it perfect for backyard offices, guest rooms, tiny homes, or luxury glamping retreats.

Area	27.2 sq m	13 sq m	19.1 sq m	17.4 sq m	25.5 sq m	5 sq m	7.9 Sq m

Inclusions :

Structure –

High-strength, corrosion-resistant industrial stainless steel profiles with a reinforced stainless steel base.

Stainless Steel Glass Door

The Kaizen Group's stainless steel glass door features a corrosion-resistant steel frame mated to high-performance tempered glass, delivering panoramic views, robust security, and a sleek, modern appeal. Its precision engineering ensures both lasting durability and seamless integration in every pod.

Fibreglass Ceiling Panel

Seamless fibreglass ceiling panels elevate the pod into a luxurious retreat

Transparent Insulated Glass Window

Experience panoramic views with our high-performance insulated glass windows that ensure thermal comfort, noise reduction, and energy efficiency — all while fully connecting you to the surrounding natural beauty.

Stone Plastic Composite Floor

Durable, waterproof, and eco-friendly flooring combining limestone and high-quality plastic for superior strength and easy maintenance—ideal for all weather conditions. Enjoy a natural wood-like finish with enhanced resistance to scratches and moisture.

Transparent Insulated Glass Window

Experience panoramic views with our high-performance insulated glass windows that ensure thermal comfort, noise reduction, and energy efficiency — all while fully connecting you to the surrounding natural beauty.

Stone Plastic Composite Floor

Durable, waterproof, and eco-friendly flooring combining limestone and high-quality plastic for superior strength and easy maintenance—ideal for all weather conditions. Enjoy a natural wood-like finish with enhanced resistance to scratches and moisture.

Fibreglass Ceiling Panel

Engineered for superior insulation and seamless aesthetics, the fibreglass ceiling panel enhances thermal efficiency while adding a smooth, modern finish to the pod's interior.

Upgrades :

Panoramic Balcony

Enjoy sweeping, unobstructed views from your private panoramic balcony—where luxury living meets the beauty of the outdoors.

Customisable Interiors

Personalize your Pod's living space with fully customizable interiors—adapting sleep, work, and lounge zones to suit your lifestyle.

Curtains Set

Fabric & Finish: Premium 300 gsm polyester blend, fire-retardant and UV-resistant

Layering System: Dual-track design with sheer voile inner drape and blackout outer panels.

Solar Power Supply System

- **Solar Panel Type:**
Monocrystalline |
Polycrystalline
- **Mounting Configuration:** Fixed
Roof-Mount | Adjustable
Tilt Rack
- **Energy Storage:** 10 kWh
Lithium-Ion Battery |
Expandable Capacity

Intelligent Voice Control

Voice Control Type:
Wake-Word Activated |
Push-to-Talk

Recognition Mode:
On-Device NLP |
Cloud-Based AI

Connectivity:
Wi-Fi | Bluetooth Low Energy

Underfloor Heating System

- **Heating Element:**
Self-regulating
carbon-film mat |
Electric heating cable
- **Power & Coverage:**
120 W/m² | 150 W/m²,
full-room coverage
with 50 mm spacing
- **Control & Safety:**
Built-in floor sensor
with digital thermostat,
over-temperature
cut-off, IPX7 waterproof
rating

Fresh Air System

Multiple intake points—
from ceiling cassettes and
wall inlets to floor grills and
portable purifiers—ensure
continuous 360° fresh-air
circulation

•
Advanced filtration and
adjustable airflow modes
maintain a healthy,
odor-free environment
tailored to your comfort.
