

Tents

About The Product.

A Tent is a ready-to-use, portable shelter made from durable, weather-resistant fabrics—fully equipped with waterproof polyester, canvas or PVC-coated membranes, sturdy poles, and secure anchoring systems—so you can pitch it anywhere in minutes, making it perfect for camping adventures, luxury glamping escapes, outdoor festivals, backyard events, or temporary accommodation solutions.

E1

E2

Model	E1	E2

External Area	14.7 sq m	13.5 sq m
Internal Dimensions	4 X 3.3 X 2.6 m	3.3 x 3.3 x 3.1 m
Internal Area	13.2 sq m	10.9 sq m

Inclusions :

FlySheet –

Premium, waterproof outer shell in high-strength polyester for complete weather protection and UV resistance.

Inner Tent

Breathable canvas lining that enhances ventilation, prevents condensation, and provides a clean, cozy interior.

Double Curtains

Two-layer curtain system—opaque blackout panel plus mesh screen—for light control, privacy, and insect protection.

Connectors

High-strength metal fittings engineered for quick assembly and rock-solid stability at every joint.

Aluminium Alloy Poles

Lightweight yet robust poles crafted from corrosion-resistant aluminium alloy for easy setup and long-term durability.
